

APEX 4-Port System

Tiny footprint, massive capability.

You can't choose your mission, but you can choose your gear. Modeled after Black Diamond's Modular Tactical System (MTS), the APEX 4-Port System enables communications from tactical radios and peripherals to tablets, smart phones and computers. Command and control at your finger tips.

POWER + DATA

Allows for Power + Data connections of multiple peripheral Devices. Power + Data can be controlled by a Windows or Android End User Device such as a laptop or smart phone over a single USB 3.0 interface.

Peripheral Devices Include:

- Radios
- Video downlink devices
- LASER range finders
- USB peripherals
- GPS

TECH SPECS

- Dimensions: 4.9 inch (L) x 2.9 inch (W)
- Weight: 10 oz // 283 g

MULTI-MISSION FLEXIBILITY

- Mobile C4ISR
- Battle Tracking
- Digitally aided CAS
- Remotely piloted vehicle control (SUAS)
- Integrated comms platform

ONE SYSTEM, MANY MISSIONS
