

# BARE Kit 1-Port Hub :: AN/PRC-152/152A

**P/N :: CB-0501-00**

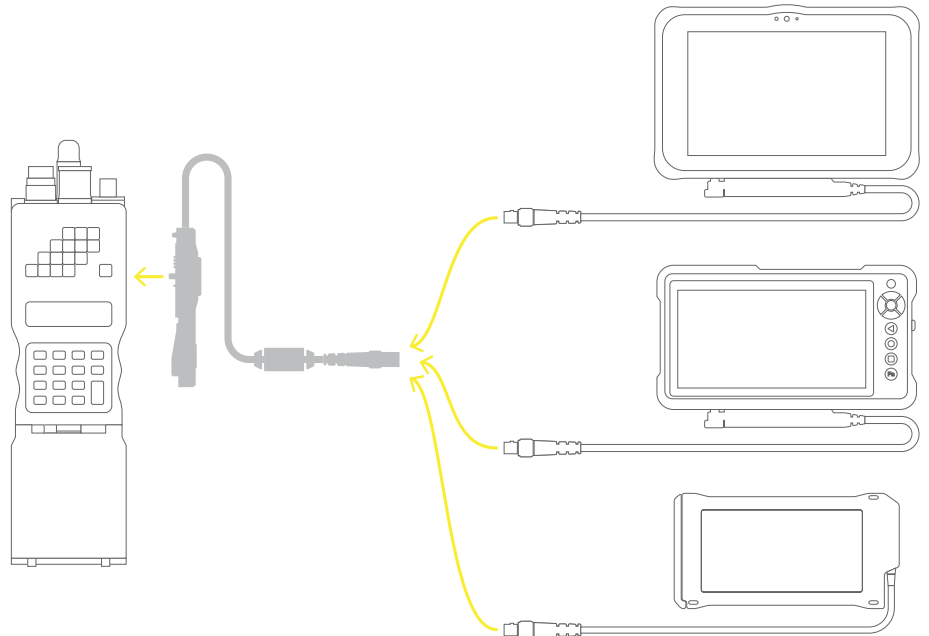

BDATech's CB-0501-00 BARE Kit 1-Port Hub connects a Harris AN/PRC-152/A directly to your Android or Windows End User Device (EUD). The BARE Kit 1-Port Hub allows for POWER + DATA between the AN/PRC-152/A and your EUD device such as the Panasonic FZ-M1, GETAC MX50, and Samsung S6/S7. Additionally, the Operator can also recharge the EUD from the Radio. The BARE Kit 1-Port Hub's minimalist design allows you to integrate on any vest with little to no impact to your existing kit setup.

## TECH SPECS

- Length: 12.30 inch // 31.24 cm
- Weight: 3.2 oz // 90.72 g
