

Designed to lay flat against the chest

Reversible sided mounting options for ambidextrous use.

Built in audio jack I/O

Soundwave Push to Talk

P/N :: MA-0105-12 & MA-0105-30

The Soundwave connects to support U92/TP120 headset jack connections used on tactical communications headsets, such as the Peltor COMTAC II/III™. Our patent pending Soundwave technology counters the audio "Warble" that plagues Operators using power management systems. The Soundwave's integration of a 3.5mm audio jack allows for the connection of a smart phone or recording device, enabling the Operator to record/play audio, and make phone calls through a tactical headset.

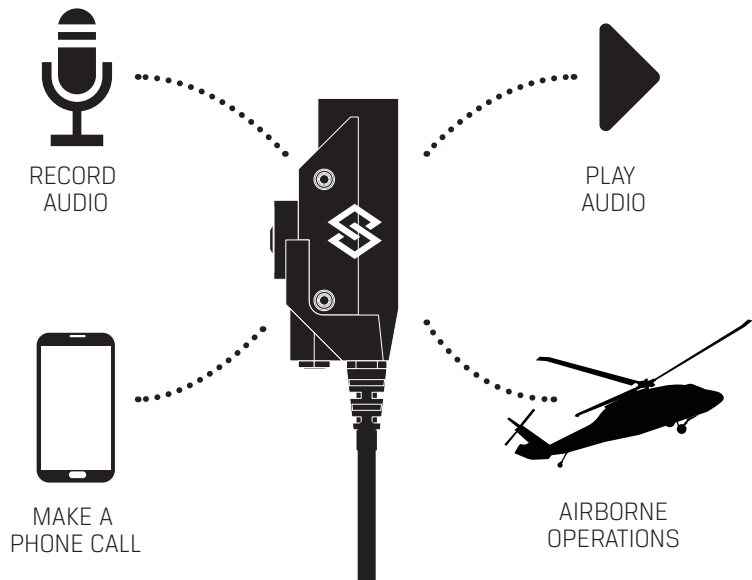

TECH SPEC'S

- MA-0105-12 = 12 Inches / 30.5 CM
- MA-0105-30 = 30 Inches / 76.2 CM
- Weight = 5.5 Ounces / 156 Grams
- Export Classification: EAR99

FEATURES

- Anti-Warble Technology
- 3.5mm audio jack
- Listen & record audio from a standalone smart phone or recording device
- Make phone calls from your tactical headset
- Reversible mounting clip for ambidextrous use

SOUNDWAVE USE CASES

Custom Soundwave's can be made to integrate with different headsets, contact BDATEch for more information
